General information

Since 1993 we have been distributing 4D products in Switzerland. Our customers are mainly IT professionals, developing innovative solutions based on the 4D technology.

Since 1984, 4D (formerly known as ACI) has been supplying developers with innovative database development products for Windows and Mac OS. Today, as one of the leaders in the international software market, 4D produces powerful and cost effective database software development tools and has progressively moved into the Web development and Web server markets.

We specialize in distributing 4D products and have completed our product range with a carefully selected range of third party plugins, tools, and books for 4D.

Do not hesitate to contact us if you have any questions regarding this price list. You can contact us by e-mail sales@ajar.ch or by phone: +41 32 342 26 84.

Our offices are located at General Dufour Street 123 in 2500 Biel 4 (Switzerland) and open from Monday to Friday from 9 am to 12 am and 1.30 p.m. to 5.30 p.m.. Biel (Bienne in french) is the most important bilingual city in Switzerland. It forms the linguistic bridge between Switzerland's german speaking and the french speaking communities. It lies at the center of the country, at the southern foot of the Jura, mid-way between Geneva and Zurich.
